

PERSONAL LEARNING GOALS

HOME LEARNING MENU

MILEPOST 2 (YEAR 3 & 4)

INTERNATIONAL MINDEDNESS

- Find out how to say hello in as many different countries as you can. Show this on a world map. Mastery = at least 20 greetings.
- Visit a new country. Record the similarities and differences between your home or host country?

COMMUNICATION

- Blast from the Past - Ask your parents to tell you their favourite story or film from when they were young. Read the story or watch the film together.
- Tell your family three specific things you learned at school each day for two weeks. Record it in a log book.

DEEP THINKING

- Ask a family member to help you buy a puzzle book. Try to complete puzzles without any help from your family.

ENQUIRY

- Come up with your own idea for an IPC Home Learning Project related to your current unit. Execute the idea with your parents' support.

RESPECT

- Recycle something that you might normally throw away.
- Think of all the people you value. Write each of them a short letter to explain why you are grateful to have them in your life.

RESILIENCE

- Complete a 300-500 piece jigsaw puzzle.

ADAPTABILITY

- Taste Test - Go to a restaurant that you have never been to before. Then try a dish that is new to you. Your parents can recommend a healthy dish. Another option is for parents to cook a new dish that you can try. Take photos for evidence.

INTEGRITY

- Clean up after yourself without being asked to by your parents. Keep a diary of your good deeds over a month.
- Help your family members with their chores. e.g. washing the car, doing the laundry.

COOPERATION

- Little Chef - Work with your friends to do some baking once a week for a month. Help your parents cook dinner. Assist each other with cutting, slicing, measuring, pouring. Take a video or photos of the process with the finished product.
